This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Currently Amended) A computer-implemented method for creating a presentation, comprising:

(a) receiving a goal, the goal in a specific task being associated with a training objective of a student in a business simulation application;

(b) integrating information that motivates accomplishment of the goal by the student;

(c) ~~evaluating the progress toward the goal and provides~~ providing feedback that further motivates accomplishment of the goal for use in the presentation; and

(d) adjusting the feedback based on progress of the student toward the goal to help the student complete a business deliverable.

2. (Previously Presented) The computer-implemented method for creating the presentation as recited in claim 1, including evaluating the progress based on a number of help sessions the student accesses.

3. (Previously Presented) The computer-implemented method for creating the presentation as recited in claim 2, including evaluating the progress based on work completed by the student.

4. (Previously Presented) The computer-implemented method for creating the presentation as recited in claim 1, including evaluating the progress based on a number of changes.

5. (Previously Presented) The computer-implemented method for creating the presentation as recited in claim 1, including evaluating the progress based on an amount of rework.

6. (Previously Presented) The computer-implemented method for creating the presentation as recited in claim 1, including evaluating the progress based on an aggregate condition of work.

23. **(Previously Presented)** The computer-implemented method for creating the presentation as recited in claim 19, including simulating recovery management in the simulated environment.

24. **(Previously Presented)** The computer-implemented method for creating the presentation as recited in claim 19, including simulating evaluative decision making in the simulated environment.

25. **(Previously Presented)** The computer-implemented method for creating the presentation as recited in claim 19, including simulating a conversation in the simulated environment.

26. **(Previously Presented)** The computer-implemented method for creating the presentation as recited in claim 19, including simulating a negotiation in the simulated environment.

27. **(Previously Presented)** The computer-implemented method for creating the presentation as recited in claim 19, including invoking a concept parser in the simulated environment.

28-36. **Cancelled**

37. **(Currently Amended)** The computer-implemented method for creating a presentation, comprising:

(a) receiving indicia representative of a goal into a model, the goal in a specific task being associated with a training objective of a plurality of students in a business simulation application;

(b) integrating information that provides assistance with achieving the goal, by the plurality of students, into a tutor for use in the presentation;

(c) monitoring progress of the plurality of students toward the goal; and

(d) providing feedback that further assists the plurality of students in accomplishing the goal to help the plurality of students complete a business deliverable.

38. **(Previously Presented)** The computer-implemented method for creating the presentation as recited in claim 37, including:

- (a) receiving an indicia representative of a plurality of goals into a model;
- (b) integrating information that provides assistance with achieving the plurality of goals into a tutor; and
- (c) monitoring progress of a student toward the goal and providing feedback that assists the student in accomplishing the plurality of goals.

39. **(Previously Presented)** The computer-implemented method for creating the presentation as recited in claim 37, including setting a context for a problem in a simulated environment.

40. **(Previously Presented)** The computer-implemented method for creating the presentation as recited in claim 37, including simulating management of preventative

41. **(Previously Presented)** The computer-implemented method for creating the presentation as recited in claim 37, including simulating recovery management in a simulated environment.

42. **(Previously Presented)** The computer-implemented method for creating the presentation as recited in claim 37, including simulating evaluative decision making in a simulated environment.

43. **(Previously Presented)** The computer-implemented method for creating the presentation as recited in claim 37, including simulating a conversation in a simulated environment.

44. **(Previously Presented)** The computer-implemented method for creating the presentation as recited in claim 37, including simulating a takeover in a simulated environment.

45. **(Previously Presented)** The computer-implemented method for creating the presentation as recited in claim 37, including simulating a negotiation in a simulated environment.

46-54. Cancelled
